VISHESH CHAUDHARY

FIRST-YEAR B.TECH COMPUTER SCIENCE STUDENT

PROFILE

First-year Computer Science and Engineering student building a foundation in programming and web development. Interested in practical software projects and AI applications, with a focus on learning by building.

PROJECTS

PRAGYA | Local Windows Voice Assistant
Personal project in active development. Working on voice interaction, speech recognition, text-to-speech, a desktop HUD, and command routing. Current scope includes basic voice commands and opening common applications.

CAMPUS SMART ASSISTANT | Web App Concept
Student-focused web application concept for attendance tracking, CGPA estimation, assignment reminders, and a simple help desk. This is a concept/in-progress project, not a completed product.

C PROGRAMMING PRACTICE | GitHub
Beginner C programs covering arithmetic, eligibility checks, even/odd checks, area and percentage calculations, swapping values, and a basic calculator.

EDUCATION

B.Tech, Computer Science and Engineering
IITM College of Engineering, Bahadurgarh, Haryana | First Year
Expected graduation: 2030

Class XII / Senior Secondary
Government Senior Secondary School | Board: BSEH
Percentage: 69.2%

ADDITIONAL LEARNING

- IBM SkillsBuild: Getting Started with AI
- Forage: GenAI Powered Data Analytics Job Simulation (Tata iQ context), completed 29 September 2026
